Marking/Labeling Only \$ 9.54 per package

Minimum \$ 63.61

*Certification will be provided if ATP can verify the packaging is in compliance with applicable D.o.T, I.A.T.A, I.M.D.G requirements. In most cases this means that ATP would provide the packaging to ensure compliance.*

**Emergency Response Services:** Service includes 24 hour, 30 day monitoring of shipments as required by CFR-49 and I.A.T.A and as specified in the North American Emergency Response Guidebook. ATP would need a fax copy of the appropriate Dangerous Goods Certificate or bill of Lading to monitor the shipment properly.

Emergency Response Telephone Number: \$ 69.33 per UN Number monitored

Yearly Contract: \$ 763.37 annually

*Emergency response does not include clean up of spills or any service related to the incident other than to notify the proper authorities with regard to the hazard and the actions to be taken as stated in the North American Emergency Response Guidebook.*

**Consultation:** Hazardous materials consultation for the purpose of obtaining Competent Authority acquisition, D.o.T exemptions, chemical classifications and special projects that include the shipping of Hazardous Materials.

Consultation: \$ 164.61 per hour.

**Hazardous Materials Training:** ATP offers Dangerous Goods Training for Ground, Air and Ocean. ATP will develop a function specific course to suit the needs of your agency. Included in our training program for each course participant is an ATP training manual. Left with the agency are CFR-49 manuals and Emergency Response Guidebooks.

Function Specific Course Rates: \$ 2353.72 per day.

Maximum 10 students per class. Over 10 students is an additional \$ 252.22 per day per student to a maximum of 20 students. Trainer's expenses are not included (Government Travel Rules Apply).

Scheduled Course Rates:

\$ 667.95 per student for 3 day training

\$ 604.34 per student for 2 day training

\$ 540.72 per student for 1 day training

All participants receive an ATP training manual and certification upon successful completion. Trainer's expenses are included.

These courses are published on our website at [www.alltranspack.com](http://www.alltranspack.com) and held in various cities on various days.
